ATTITUDE ADJUSTMENT

CHANGE YOUR ATTITUDE...AND CHANGE YOUR LIFE!

As a first-generation immigrant, and now an American citizen, I cannot stand by doing nothing while so many people—from students to executives—suffer from misery-producing attitudes. We attract and eventually get back almost exactly what we send out into the world in the form of our thoughts and our *attitudes* toward everything and everyone around us. We live in the United States of America—where dreams come true! So, why do many of us hesitate to jump on the wagon of opportunity, joy, and

fulfillment? The good news? Positive and happy thoughts attract positivity and happiness. However, the opposite is also true. We have the power to change how we think! We can change our attitudes and attract the things we *truly* want. Dreams can come true for all of us!
